Relay Rules

Teams to consist of **4 members** from each hunt.

This must include: **One rider over 40 years, one junior under 25 years (no younger than 16) and one quadbike driver (who must be 18 years old or over and hold a full driving licence and must wear appropriate helmet).**

Two teams will compete at the same time over a mirrored course, consisting of working hunter style jumps set up to a maximum height of 90cm and will include 2 non jumping tasks!

Each team needs provide a hunt whip, to be used as a baton, and all members must be dressed correctly for a day's hunting.

This is a timed competition and the starting order will be drawn on the day. It will be run as a knock-out relay with the winner of each heat going through to the next round.

The clock will start as soon as the quad bike crosses the start line and will stop as the last rider crosses the finish line. With 5 seconds being added for each jump knocked down. If the whip is dropped the competitor must dismount, pick it up, re-mount and continue.

If a competitor has 3 or more refusals at any one jump, then the jump can be bypassed and 30 seconds added to the team's final time.

Second round – jumps increase in height.
