Supporting Tynedale Agricultural Society in delivering a one day event to promote and develop education about Agriculture, farming & food production

# Why Sponsor?

Becoming a sponsor of Northumberland County Show is more than just supporting an event — it's an investment in our region's community, heritage, and future. As one of the North East's most popular annual gatherings, the Show attracts over 25,000 visitors from across the county and beyond, offering sponsors exceptional visibility and connection with a broad audience.

The Show is a registered charity organised by Tynedale Agricultural Society, with all proceeds reinvested into supporting local charities. Becoming a sponsor, you're not only promoting your business but also helping to preserve and celebrate the county's farming traditions, local produce, and community spirit.

The show can provide you with a platform to ensure your brand stands out, connecting you with thousands of visitors, exhibitors, and local businesses. Sponsors can gain high-impact visibility through the Show's social media platforms, reaching engaged audiences before, during, and after the event. With over 14,000 followers, targeted posts, live updates, and interactive campaigns showcase sponsor brands to thousands, driving awareness, engagement, and measurable results beyond the Show itself.
